

**DESERT HILLS BILLIARDS ROOM
IS BEING RELOCATED**

To ensure the least interruption to snooker players, the snooker table and one Diamond billiards table (along with lights and associated cue racks and equipment) will be installed in the East Center Art Room. This room is on the south end of East Center. Barring unforeseen difficulties, GVR expects to have these tables available on Wednesday, January 18.

Three billiards tables will move to the new Del Sol Clubhouse located on Camino del Sol. Two will be assembled on the upper floor while the third will be put into storage. This will happen when restroom renovations on the upper floor of this building are complete. Hopefully soon after 2/28/23.

The billiards and snooker tables from Desert Hills will be permanently located on the lower floor of the Clubhouse once that level has been renovated.

Staff are making every effort to ensure GVR's billiards players have access to as many tables as possible.
