

PARTY POOL INSTRUCTIONS

for Hosting Member

1. **SCORING:** Both players on the winning team score 10 points for the game. The losing team gets one point for each for their pocketed balls.
2. **GAMES PLAYED:** Each round consists of two games.
3. **RULES:** BCA rules apply-- The game is not over until the eight ball is pocketed.
4. **ROUNDS PLAYED:** Depending on the time, either 4 or 5 rounds will be played--players will be given a number as they arrive.
5. **NUMBER OF PLAYERS ALLOWED:** 16 is the maximum, as there are only four tables. There must be the following number of players: 7 (with one bye), 8, 10 (with two byes), 11 (with one bye), 12, 14 (with two byes), 15 (with one bye), 16.
6. **PAYOFF:** In whole dollars, depending on the number of players.

1st-- 30% 2nd-- 25% 3rd--20% 4th--15% Club--10%

Byes will be assigned a card just like any player. Suppose that 11 players show up. This means there will be three tables. Each person has a card number, PLUS, one card is assigned a BYE. Wherever that Bye turns up, there will only be 3 players at the table. Two players will play against one the first game, and then the players switch. **THE HOST and helper will need to go that table and inform the three players of this direction.**

If there are 2 byes at one table (14 players), the players will play one-on-one.

Number of total players THAT WILL NOT WORK: 1,2,3,4,5,6, 9, and 13.

The host must play if needed so that no one is sent home.
